RE: NEWTON ARMSTRONG

ARMSTRONG was reported to have allegedly made a remark several months prior to the death of President JOHN F. KENNEDY to the effect that the President should be assassinated. Following investigation was conducted by Special Agent EARL HALEY:

At 10:00 P. M., on November 22, 1963, I. B. HALE, Chief of Security at General Dynamics, Fort Worth, Texas, advised that he had received similar information to that set out above from the San Diego Office of General Dynamics Convair. Upon receipt of this information he immediately checked out the activity of NEWTON ARMSTRONG, presently employed by General Dynamics Convair at Fort Worth, and definitely placed him in the parking lot of General Dynamics at 12:30 P. M., November 22, 1963, talking to his wife. HALE stated ARMSTRONG worked until shortly before Noon when he left the plant for lunch and was later seen talking to his wife. At this time news concerning the shooting of President KENNEDY was on the air and had taken place just minutes prior to the observation of ARMSTRONG in the parking lot.
